Jessica —

It was great to meet you in person this morning! Thanks for the opportunity to present to your board and clarify our position, as well as fill them in on the work my team is doing on the ground. I thought it was really valuable to hear some of the anecdotes from your board members about vending, particularly from your public safety officer. Did any other questions arise, or did anyone sign petitions?

I'm sure we'll continue to be in touch regularly as the proposal progresses through the summer. Momentum seems to have slowed with the myriad of other issues before the council, but I think we'll start seeing some community meetings this summer.

Please don't hesitate to reach out if I could be helpful in any way or if you want to touch base to level set on anything.

Thanks!

Jessica
